

The Philadelphia Eagles and Green Bay Packers each hosted games in the NFL last week. Fans that were lucky enough to secure tickets looked forward to the excitement, but not the frigid weather. Below are representations of the temperatures, which dropped throughout the day leading up to game time.

Philadelphia, Pennsylvania

Time	9 a.m.	11 a.m.	2 p.m.	3 p.m.
Temp	24°		9°	

Green Bay, Wisconsin

The Eagles game started at 4:00 p.m., and the Packers game at 8:30 p.m.

What was the temperature in Philadelphia at noon? _____

What was the temperature in Green Bay at noon? _____

What was the temperature in Philadelphia at game time? _____

What was the temperature in Green Bay at game time? _____

In which city was the temperature dropping faster? _____

Fill in the empty cells on the Philadelphia table.
